

Each school year, the AUMC Weekday Children's Programs form a committee of parents who plan and organize Parent Coffees throughout the year to address subjects of interest to families with young children. The topics of choice are surveyed and decided by the parents. This parent committee then brings in guest speakers who are experts in the top choices.

Some of the favorite topics from which parents chose are:

- Positive Discipline
- Picky Eaters
- Traveling With Kids
- Financial Planning for Families with Young Children
- Legal Planning for Families with Young Children
- Learning Through Play
- Early Literacy
- Sibling Rivalry
- Kindergarten Readiness
- Developmental Appropriateness
- Organize Your Life
- Learning Styles of Boys vs. Girls
- Multiple Intelligences
- Keeping Tradition in the Holidays - for all faiths
- Rugrats & Romance - Keeping the passion with kids around
- ....and more!
